

Forest Fire On Summit Burns Over Wide Area

New Fire Breaks Out In Euer Valley Section

BULLETIN
An uncontrolled fire broke out at 2:30 this afternoon in Euer Valley, according to forest service officials and a crew of 50 men was rushed to the scene and others were being recruited. It has burned over 40 near Frog Lake road.

Between 60 and 100 men today are attempting to control a forest and brush fire which has already blackened 160 acres just north of Highway 40 back of Crampton's Lodge.

The fire started about 300 yards north of the highway and quickly spread in the dry brush and scattered timber. Because of the steep and rocky terrain, it was impossible to get equipment on the fire line and most of the work was done by men on foot.

Max Williamson, Big Bend forest ranger, is in charge of the operation. It was reported from the station this morning that if the line can be completed by two o'clock the crew will have the fire controlled.

The blaze started at 1:30 Wednesday afternoon and while there was little wind, the dry condition of the brush and timber made good feed and the fire spread quickly up a draw.

Lightning Fire
A hold over lightning fire from a storm two weeks ago broke out on a ridge between Carpenter and Euer valleys north of Truckee Sunday afternoon at four o'clock but was quickly brought under control by Fire Control Assistant William Curran and his crew. The fire was on a rocky ridge and it was because of this that it did not spread to nearby stands of heavy timber.

TRUCKS COLLECT DEBRIS HERE IN FIRE PREVENTION

Fire Chief N. F. Dolley said that while he has not received a single call from local residents wishing a truck to haul away accumulations of debris, he does not believe that that means every dwelling here is free from fire hazards.

The chief said the firemen will take the initiative in the matter and today and tomorrow will go from house to house with a truck in order to do everything possible to eliminate any possible fire hazard.

Since this is fire prevention week, everyone has been urged by the local chief to have chimneys cleaned and checked, have electric wiring inspected and other fire hazards eliminated before winter starts. The area has been virtually free from home fires during the past year and the department is anxious to maintain this record, Dolley declared.

At the same time forest service officials warned that because of the recent hot weather, dangers from fires in the woods are not over. They asked that particular care be taken to prevent forest fires.

Venire Summoned For Local Trial

A venire is being summoned in the Truckee justice court for 10 o'clock Friday morning for the selection of a jury to hear evidence in an assault and battery case involving two Roseville people.

The defendants are Frank and Dorothy Neugebauer who are charged by Mrs. Jessie Ahlborn with beating her while the two families were visiting Donner Summit recently. The defendants pleaded not guilty and asked Justice of the Peace R. N. Little was asked for a jury trial.

Local Lodge To Resume Meetings

Summit Lodge No. 54, Knights of Pythias, will resume meetings Friday night, October 13, following a summer recess. Highlight of the evening will be the official visit of Ed S. Shaver of Burlingame, grand prelate of the order in California.

Visit Here—

Mr. and Mrs. Homer Hixon of Cambria are visitors with local friends this week and were entertained at a dinner party given Wednesday evening by Mr. and Mrs. O. G. Alexander.

Rose Belli of Truckee has recently moved from Folsom to Roseville.

Freedom Bell To Be Here Sat. For Local Inspection

The now famous Crusade for Freedom bell will be in Truckee Saturday morning between 9 and 9:30 a.m. so that everyone may have an opportunity to view it and sign the Freedom Scrolls which are currently being circulated.

William Durbrow, assistant crusade chairman for Nevada County, reports that the bell will be accompanied by a public address system and that the importance and purpose of the drive will be explained.

Reginald Smart, president of the Truckee Chamber of Commerce, will represent the community in greeting the arrival of the bell and is making an appeal to everyone—young and old—to be on hand near the post office where the bell will be displayed and where everyone may sign the scrolls and make any contributions which they may desire.

Money raised through the campaign is used for a radio campaign for a Free Europe. All contributions are purely voluntary and signatures on the scroll do not necessarily mean donations.

The Freedom Bell is a symbol of the crusade. Inscribed upon its rim will be a paragraph of Lincoln's famous Gettysburg Address: "That this Nation, under God, shall have a New Birth of Freedom."

The funds for the Free Europe radio broadcasts are to maintain the station which went on the air July 4th with native language broadcasts to communistic countries.

Genl. Lucius D. Clay is national chairman for the crusade and L. M. Giannini is chairman for California.

WYETHIA CLUB TO HAVE MASQUED PARTY OCTOBER 20

A masquerade, to coincide with Halloween, will feature the meeting to be held Friday evening, October 20, of members of the Wyethia Club. Everyone is asked to go in costume.

Dr. Robert Affeldt was the guest speaker at the October 6 meeting, his topic being "The Family Dentist."

A nominating committee composed of Mesdames Charles Heller, Robert Leamon and C. B. White was appointed to select candidates for club officers for the coming year.

Rehearsals for the Gay Nineties Revue will continue through the winter months, Mrs. Gladys Pedley announced, to perfect the production for early spring.

Tea hostesses for the evening were Mesdames C. B. White, Anton Mahne and Miss Thelma Finger. Mrs. Robert Gifford presided.

Mrs. Scott Hostess At Birthday Party

Mrs. Ray Scott, assisted by her sister, Mrs. Kenneth Doyle of Susanville, entertained Saturday afternoon, October 7, in honor of the 8th birthday of her daughter, Theo.

Games were played before the cutting of two heart shaped cakes served during the refreshment hour. Each of the following girls was given a candy corsage as a memento of the occasion: Dillys Ann Doyle, Janice Gray, Donna and Carol Grack, Edna Gifford, Marcia Leamon, Turann Kaler, Arlene Copeland, Nona Rae Coffey, Irita Harris, Carol Ann Quillie, Lynn Bottell, Linda and Judy Loynd, Stephanie and Victoria Firpo, Patricia Scott.

Ellen Lyons Feted At Birthday Party

Ellen Gail Lyons, who was four years old Wednesday, October 4, was given a party by her mother, Mrs. James Lyons.

A white cake trimmed with pink was the central interest at refreshment time, following an afternoon of games and group singing. The small guests were Suellen and Shirley Guymner, Mary, Doris and Sharron Van Uden, Posten Wilson and Linda McEwen.

Traffic Over 40 Continues Heavy During September

Truckee Is Still Second In State's 18 Stations

Although traffic into California through Truckee dropped off nearly 4,000 cars during September as compared to August, the local station of the State Department of Agriculture during September checked 43,146 automobiles, 2,667 trucks and 593 stages, according to the monthly report.

The count shows Truckee still maintaining second place as a point of entry into California, exceeded only by Yermo in southern California, which reported 46,032 cars, or less than 3,000 over the Truckee figure.

Truckee exceeded Yermo and all other stations in the number of stages.

On Highway 50 at Stateline 10,736 cars, 114 trucks and 29 stages were checked, while the Brockway station had 2,652 cars, 38 stages and not a single truck.

Over the state as a whole, 267,299 cars, 20,146 trucks and 3,404 stages were checked at the borders, with a total of 780,295 passengers. Of the total, 123,959 passengers went through Truckee and 28,355 were checked over Highway 50 at Stateline.

Despite the heavy flow of traffic over a two-lane highway into California via Truckee, the Truckee squad of the California Highway Patrol numbers three men, working 40 hours shifts.

Sportsmen Reminded Of Fish, Game Laws By State Officials

SACRAMENTO —(W. N. S.)—The California division of fish and game today reminded California sportsmen of regulations which apply to current hunting and fishing.

Deer season ends October 15 in the Sierra, North Coastal and Modoc-Lassen areas. Bag limit is two bucks in North Coastal areas and one buck elsewhere. No forked horns may be shot in northeastern California.

December 31 marks the end of bear season. One bear per person is allowed to hunters who may use only one dog. No trapping is permitted at any time.

Pigeon hunting season which closed September 30, opens again for two weeks, December 17 to 31. Bag limit is eight per day and shooting hours are from one-half hour before sunrise to sunset.

Fifteen trout is the limit for the season which ends October 31. Local exceptions are noted in some areas.

Hunter Expires To Heart Attack

Albert James Phillips, 70, of Sacramento died of a heart attack Saturday morning while deer hunting six miles south of Sierra. The body was brought to the Truckee Colonial Mortuary where Coroner Philip Newberg of Sierra County conducted an investigation. The body was taken to Sacramento for funeral arrangements.

N. F. Dolley, local deputy coroner, said it is understood the deceased is survived by his widow in Sacramento.

Resort Leased To Palo Alto Man

R. G. Crabtree of Palo Alto has leased the motel of Mr. and Mrs. C. J. Knowles at Donner Lake and will operate the establishment until April 9, when the Knowles will return. The latter will spend the winter at San Jacinto.

Anderson Recovering—

The George Andersons who left here for Pleasant Grove are now living at Live Oak. Anderson, who was seriously injured at his work since leaving here, is slowly recuperating, according to Mrs. Steve Kolos.

Sun Beams

by Walter M. Barrett

The deer hunting season here ends next Sunday and sportsmen report one of the worst seasons on record with comparatively few bucks killed. Everyone seems to have an individual answer to the cause but nearly everyone agrees that something must be done if hunting is to continue as one of our principal resources. Last year a wanton slaughter was reported in the district with hundreds of does and spikes shot and left in the woods to spoil. The kill was one of the biggest on record. But this year a different tune was recorded and scores of the more experienced hunters after a trip to their favorite location, returned home and put their gun away, deciding that the hunt was useless. The fish and game commission seems just as puzzled over the lack of deer as the hunters but unless some action is taken and taken soon, hunting for deer will be a fruitless sport. The division of fish and game reports this week that 462 deer were killed up to October 4 in Nevada County.

The Sierra Sun is displaying samples of personalized Christmas cards, available with your name printed or engraved. May we suggest that you make your selection early and avail yourself of the wide selection at no increase in prices?

We recently reported that the Truckee squad of the California Highway Patrol has continued to diminish over the past several months, despite the fact that Highway 40 into California is holding a top position in the number of cars entering the state with the 18 other border stations. We just want to report that nothing has been done nor promised to relieve the situation although patrolmen are being added in less traveled areas consistently.

Local Couple On Flying Trip North

Mr. and Mrs. S. A. Follett returned the first of the week from Ukiah where they enjoyed a visit with Mr. and Mrs. Marion Follett. The local couple experienced the thrill of their first airplane ride from Oakland north and also returned by that route.

Summit Temple Meeting Tonight

A regular meeting of Summit Temple 79, Pythian Sisters, will be held tonight at 8 o'clock. Mrs. Hazel Roberts, lodge secretary, announced. Refreshments will be served after the meeting.

Water Storage On River Drops

Upstream storage on the Truckee River dropped sharply during September and 87,712 acre feet of water was turned out from four reservoirs or lost through evaporation.

Storage, however, still is in the best shape since 1917, say water department officials, and the monthly survey shows 376,288 acre feet in Lake Tahoe, Boca Dam, Donner Lake and Independence Lake.

Tahoe is measured at 6225.70 feet above sea level, a .55 foot drop since September 1.

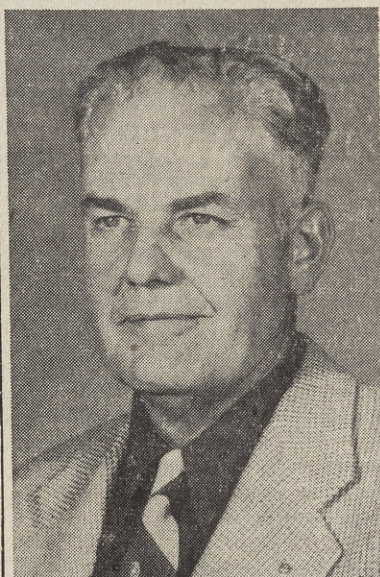

The river flow has been cut from 500 to 400 second feet and will be reduced to 350 on November 1.

Lookouts Here Are Reactivated

Tahoe National Forest fire look out stations on Martis Peak and Banner Mountain have been reactivated because of a period of hot weather during the last week. Keith McDonald, fire control officer, warned the fire season is not over and that large fires sometimes occur after mid-October.

CANDIDATE

K. B. (Ken) Steddom

STEDDOM STARTS CAMPAIGN FOR PLACER POSITION

K. B. (Ken) Steddom is currently touring the district on behalf of his candidacy for the post of supervisor from the 5th district of Placer County to fill the unexpired term of the late John McFadden.

A resident of the Lake Tahoe area, Steddom has been active in promoting civic projects and a closer relationship between the various sections of the county. For the past three years he has served as secretary of the Tahoe City Rotary Club.

Before coming to the district to enter his own business, he resided in southern California. He was a member of the Burbank police department, rising to the rank of desk sergeant. During World War II he was inspector of the sewage and water systems at the cantonment of the 11th Cavalry at Campo and was plant engineer for a Van Nuys aircraft factory.

"If elected, I can only pledge an efficient, equitable and impartial administration of the duties of the office," Steddom declared, "and I will earnestly endeavor to justify your vote at the election on November 7."

NEW BOAT HOUSE IS BEING BUILT AT RESORT AT LAKE

TAHOE CITY—At Sunnyside Lodge, two miles south of Tahoe City, work is progressing on the enlargement of the Sunnyside Boat Company's boat storage building to which 900 square feet of space is being added. Since work began, the partners, Ralph Sears and Lloyd Stelling have changed plans and have also included on the west side of the building seven sleeping rooms to provide more guest accommodations. Store space is also being provided on the same side of the building and will be leased to Harry Meade, who will move in upon completion and will occupy one of the new rooms upstairs all winter.

Also remaining in for the winter are Mr. and Mrs. Don Niell and son Danny and Mr. and Mrs. Conrad Briner and daughter Sharon.

Deer Kill In State Declines This Year

SACRAMENTO —(WNS)—California's deer kill slowed down this year, according to reports released by the state division of fish and game.

In Nevada County, a total of 462 deer killed as of October 4 had been reported to the division.

For the entire state, 32,988 deer were reported killed during the 1950 season up to October 4, as compared to 35,341 on the same date last year.

Steel Arrives For New High School

After weeks of waiting, steel has begun to arrive for the new Tahoe Truckee high school and for the first time the proposed new \$750,000 structure is starting to take form. Crews of workmen have been engaged in ground work for the past several weeks.

Donner Picture Sought By Ship Of Same Name

D. S. Edwards Jr., commanding officer of the USS Donner, an LSD-20, which was recommissioned at the Navy Yard in Charleston, S. C., September 16, has written the chamber of commerce here for an appropriate photograph of Donner Lake to adorn the ward room of the ship which was named for the famous local lake.

The chamber directors at their meeting tonight will discuss the request and make plans to procure the photo.

In his letter, Edwards, a former resident of Piedmont, said he had often visited with his parents at Donner Lake and has a personal soft-spot in his heart for the area and regretted a delegation from Truckee could not have been present at the ceremony marking the recommissioning of the ship.

Commander Edwards concluded his letter as follows:

"With hopes that we in the Donner may well represent the section of the country for which she was named, and strive to emulate the bravery and faith of the unfortunate Donner Party, I am....."

NEW-BORN TWIN FAWNS FOUND ON JOERGER RANCH

Otis Aday, employed by J. E. Joerger on the latter's ranch south of here, yesterday morning discovered twin fawns, newly born, reposing under a tree near the town's sewer disposal plant. Aday was working in the area when he saw a doe jump up and run short distance. He investigated and discovered the newborn twins, no larger than lambs, an unusual occurrence at this season of the year.

Joerger announced that in keeping with his promise, he was opening his acreage for Friday, Saturday and Sunday, but urged hunters to be especially careful of livestock and does, fearful that some careless hunter might kill the mother of the twins.

TIMBER CUTS IN FOREST SETS NEW MARK THIS YEAR

NEVADA CITY—Timber cut on Tahoe National Forest during the current fiscal year will total more than 60,000,000 board feet, nearly double the 32,000,000 feet cut in 1947, when a record was set.

The cutting estimates were announced here by Robert E. Dasmann, assistant forest supervisor. During the fiscal year which ended June 30 only 9,000,000 feet were cut.

Dasmann attributed the greatly increased harvest to enlarged demand and to use of fir timber not previously in heavy demand.

He said the figures are solely harvest figures and not include additional thousands of feet of timber sold by the government for cutting at later dates. The figure also does not include timber cut on private lands within the forest.

Twenty five per cent of the lumber revenues in national forests go to the counties in proportion to the amount of land they have in the forest.

Men Sentenced To Local Jail

Charles D. Franklin, Phoenix, Arizona, and Herbert Jackson of Grass Valley have been sentenced to serve 12 days in jail in lieu of a \$25 fine each after conviction before Justice of the Peace R. N. Little on charges of being drunk. The two were arrested by State Patrolman Roy Stallard after they parked their car on the Southern Pacific crossing at Bridge Street last Thursday afternoon.

Official Visitor—

Cass Kennedy, secretary of the state highway commission, visited here today on a tour of the district, calling on Tom Buell, local highway superintendent.

Five Hurt When Cars Crash On Local Highways

University Youths Are Hurt in Truck Accident

In two separate motor vehicle accidents last night and this morning, five men were rushed to a Reno hospital, three of them in serious condition.

Robert Allen, 20, and James M. Godbey, 21, both students at the University of Nevada in Reno were hurt, the former critically, at 9 o'clock last night when a car they were driving west was struck by a truck near the foot of Donner grade.

Constable N. F. Dolley, who took the injured boys to Reno, said a heavy cargo truck "lost its air" on the grade and crashed into a car transport truck, sending it across the highway into the path of the lighter machine.

Allen has a possible skull fracture and severe internal injuries. He was the driver.

William P. Murphy, 68, Portola, and John Weiss, 42, Reno, were critically hurt and Henry C. Tinsley, 35, Susanville, suffered lesser injuries at 10:30 this morning when their car got out of control just west of the Sierra County line on Highway 40 and was demolished. The Truckee ambulance took the injured to Reno for treatment.

WORKERS NEEDED AT NEW HOSPITAL AS WORK STARTS

The Truckee Public Utility District is completing installation of water and electrical service to the site of the new Tahoe Forest Hospital west of here where large crews of men under the direction of Shreck and Son, contractors, are starting work on the building.

Work is expected to be far enough advanced by the time bad weather arrives to permit working inside the building all winter so that it will be ready for occupancy next summer. C. R. Heller, president of the board of directors, said.

Meanwhile, the contractors' representative on the job, Ken Shreck, says there is a crying need for both skilled and unskilled workmen on the project.

He says, "The district is primarily responsible to man their most important project, the new hospital, to insure the fact the building shall be enclosed by November 30, thereby permitting work to continue through the winter. This effort will assure completion on or ahead of schedule."

Firemen Discuss Local Equipment

The Truckee Volunteer Fire Department met at Capitol Hall on Tuesday night, following a summer recess. Topics of discussion covered the condition of equipment and possible extension of the boundaries of the fire district.

O. G. Alexander was selected to fill a vacancy on the department and Chief N. F. Dolley presided.

Pfaendler Speaker At Lions Meeting

Al Pfaendler of Truckee revealed hidden talents as an observer of world affairs and public speaker before the Lions Club at its meeting last night in Capitol Hall. Pfaendler gave an interesting and informative talk on current history, with emphasis on the "police action" in Korea.

Reg Smart was inducted into the club and R. C. Gifford presided.

Absent Voters Are Given Notice

Registered voters who plan to be away from their precinct on the day of the general election, Tuesday, November 7, may obtain applications for absentee ballots from Douglas Barrett at the Sierra Sun office in Truckee. These applications must be filed with the county clerk between October 18 and November 2.

Daughter Is Born To Local Couple

Mr. and Mrs. Fred McFaul welcomed a daughter born at Reno, Nevada, on Sunday, October 8. The little girl was named Norma L. and weighed 6 pounds and 2 ounces at birth.

Has Birthday—

Robert Leamon observed his birthday on October 11th with his family.

— CLASSIFIED —

FOR SALE— Used 21 HP steel Pacific low pressure steam boiler. Complete with burner. Beacon Hill Lodge, Soda Springs.

RUINS OF A KOREAN TOWN AFTER COMMUNIST WITHDRAWAL—American troops, advancing toward Yechon, found the smoldering remains of this unidentified community in the battle zone between Yechon and Andong. Destruction by the invaders was complete. (Department of Defense photo).

Floriston

by C. A. FELESINA

Preston L. Wright of Pasadena was in town over the weekend, attending to his interests here.

Mr. and Mrs. Wesley Craig have returned from their vacation which they spent in southern California visiting friends and relatives.

Mr. and Mrs. D. O. Heath, former residents of Floriston now residing near Reno, were in town calling on old friends and neighbors.

Mr. and Mrs. Guy Morrison are the proud parents of a daughter born to them Sunday morning, October 8.

Mr. and Mrs. Lester Felesina motored to Yerington Sunday to the Thomas Julian ranch to attend a dinner in honor of their nephew Calvin's 13th birthday.

James Lafever, who spent some time at the S. B. Buckner home, has returned to his home in San Francisco.

Mrs. George Ward has returned home after spending a couple of weeks with her sister, Mrs. William Echols of Hayward.

Recent houseguests at the Lester Felesina home were Miss Margaret Miller of Seattle, Wash., Mr. and Mrs. Earl Biles, Auburn, and Mr. and Mrs. Charles Duras and children Charlie and Barbara of Sparks.

County Voters' List Shows Increase

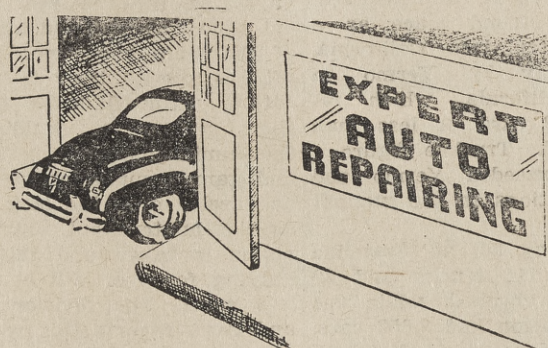

Nevada County Clerk R. E. Deebie reports 11,183 electors registered on the county rolls for the approaching November 7 general election, a gain of 426 over the primary election lists.

Of these, the Democrats tally 6393 and the Republicans 4400. Other parties are Social Labor

2, Communist 1, Townsend 4, Progressive 4, Independent Progressive 37, Prohibition 6, Socialist 6; decline to state any party preference 334.

Both major parties gained over the primary—Democrats 306 and Republican 124—mainly through new registrations but minor parties had a net loss of seven.

IS THERE A
HEAT THIEF IN
YOUR ATTIC?

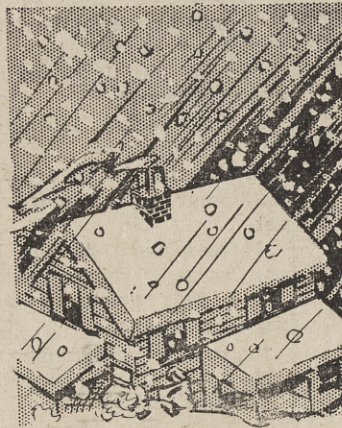

THESE LAST FEW CHILLY EVENINGS have been a warning. Winter is on the way! If you ever plan to put a stop to the marauding of that heat thief in your attic, now is the time to act. We can completely insulate any part of your house and definitely put an end to excessive loss of heat. There's no sense in running up an expensive fuel bill melting snow on your roof. And that's exactly what you are doing unless your attic is insulated. Call us immediately for estimates and advice.

CAN YOU REALLY
RELAX?

AS THE NIGHTS TURN COLDER and the approach of winter becomes more and more apparent, are you just a little bit uneasy about the condition of your buildings and equipment? Perhaps it's just a leak in the garage or a broken siding. But whatever it is, now is the time to put it in top-notch order for the winter months. Delay may result in extensive and costly repair work. Call us today for a complete selection of quality lumber items.

IT'S TOO LATE FOR
REPAIRS WHEN THE
SNOW is on THE ROOF

IF LAST WINTER KEPT YOU SCURRYING for pots and pans everytime there was a thaw, now is the time to see that this doesn't happen again. Melting snow can seep in where rain cannot. You can protect the interior of your home only if you act now! We'll be glad to furnish you with estimates on complete or partial roofing jobs, and recommend the best roofing for your home. But remember, we can't help you when there's snow on the roof. Call us at once.

WHY YOU SHOULD
PAINT IN THE FALL

THERE ARE A NUMBER OF GOOD REASONS why early fall is the best time to paint. Wood, masonry, stucco and other structural forms are drier in the fall than in the spring. And there is less deterioration to newly painted surfaces in the winter. Also, painting in the fall gives added protection to surfaces when most needed. The absence of strong sunlight during the winter gives the paint a chance to harden thoroughly without cracking. See us for the best in painting supplies.

BUILDING ACTIVITY IS NOTED IN LAKE TAHOE AREA

TAHOE CITY— Building in the Rubicon Properties Tract has continued steadily. Some of the newer residents are Mr. and Mrs. C. A. Hunt whose new home features redwood finish; a modern type lakeshore home for Albert S. Weaver Jr. and John C. Weaver while another home now un-

der construction there includes that of Mr. and Mrs. Walter R. Campigli. Other building of interest includes the Patterson home now under construction on the lakefront in the Miramar Heights Tract, south of Tahoe City. This property was acquired from Homer Bean and F. A. Kilner & Co. Also acquired from Bean and Kilner was the property of W. T. Helms, who has completed a mo-

HUNTERS RETURN FROM NEVADA WITH MANY BUCKS

TAHOE CITY— One jubilant hunting party has returned home crowned with unanimous success. Fifteen hunters formed the party and 15 beautiful black tailed bucks were brought out of the Elko district of Nevada, where the group hunted over the week-end.

Largest buck was that killed by Carl Becholdt Jr. of Tahoe City. It was a five pointer, weighing 250 pounds. Two 200 pounders were taken by Bob Scates of Tahoe City and E. E. Boehm of Truckee. All the others were four pointers averaging around 180 pounds. Others in the party were Fred Ichelson and Al Brune of San Francisco; Carl Becholdt Sr., Alfie Luhrs and Chaska West, all of Tahoe; Tom McCune and Joe Dias, Newman; W. E. McDermott Sr. and Jr., Dr. W. R. Jones, Rudy Bode and Walter Whitman, all of Pittsburg. Truman Sunkel and Pete Sed- erberg of Tahoe were among other successful hunters bagging bucks in the Elko area. Both returned home with deer weighing in around 180 pounds.

Week's Weather Report Fair and Warmer

TAHOE CITY— The level of Lake Tahoe on Monday morning stood at 6225.60 with 314 CSF of water leaving the gates in town. Coldest day of the past week was on the 6th with 29 degrees and warmest was on Sunday, the 8th, with 69 degrees. Beautiful sunny weather is prevailing at this writing with temperatures both night and day somewhat warmer.

dern three bedroom residence. Recently sold to Mr. and Mrs. Robert Burgess Jr. was a lake-front lot in the Sunnyside district. They hope to build early next season.

Homes recently sold were the Judd Downing cottage in Miramar Heights to the Paul C. Johnsons of Oakland and the attractive Stein Nielsen home in the Nielsen tract at Sunnyside to Mr. and Mrs. Paul D. Plehr.

All the transactions were handled by F. A. Kilner & Co. The Kilners have sold their duplex at Homewood to Mr. and Mrs. Lowell Berry who have spent frequent summers at the Denave home on the Truckee River.

THREE YEARS WORK GOES UP IN SMOKE IN A. M. ON MONDAY

TAHOE CITY— Fire of undetermined origin early Monday morning completely destroyed the cabin of Edward and Dick Irvine of Sacramento, which they had completed only Sunday after three years of vacation toil.

The youths erected the one room sleeping quarters on the property of their maternal grandfather, J. E. Pomin, at Tahoe Pines. They had furnished it comfortably and left for home around 5 p.m. Their greatest loss was a huge bear skin given them by a neighbor, which adorned their wall.

Although the cabin was only 200 feet away from the Pomin home, no knowledge of the fire was had by Pomin until the fire trucks roared into his yard, having been called by a passing motorist who noted the blaze at 2 a.m. The Tahoe Park fire pump- er, manner by Clarence Beavers, augmented by the Tahoe City Volunteer tanker, were able to pump water with the portable pumper from nearby Blackwood Creek and the fire was under control, with the aid of Joe and Ernie Pomin, within two hours. Thanks to the absence of wind, serious damage to nearby homes was averted.

Myra Lee Pollitt Weds Placerville Man

TAHOE CITY— Coming as a real surprise to her many Tahoe area friends was the marriage on last Saturday night of Miss Myra Lee Pollitt, daughter of Mr. and Mrs. Allan Pollitt of Placerville, to Ralph Wilkins, also of Placerville. Mrs. Wilkins is a former resident of Tahoe City where her father was in charge of the Tahoe state fish hatchery and assistant supervisor of the Tahoe area. She attended schools here, moving to Placerville early this year when her father was transferred.

Miss Pollitt was attended by a former school chum, Miss Collette Morhain of Truckee, and Glen Wilkins served as best man for his brother. The ceremony was performed in the First Methodist Church in Reno by Reverend Brown. The justweds will make their home in Placerville where the groom is employed.

Tahoe Hatchery—

The second oldest fish hatchery in operation in California is the Tahoe Hatchery, opened in 1889.

Back to Hollywood—

Fred Manley writes they are back in Hollywood for the winter, after a grand season at Lake Tahoe, the beautiful.

PORCUPINES ARE TREE KILLERS FORESTERS STATE

"Porky" the porcupine was declared this week to be renegade of the wilderness and the U.S. Forest Service asked hunters and other forest travelers to "shoot him on sight."

He is accused of murdering or maiming many young pine trees, in one of his worst rampages in recent years in California. He climbs to tree tips and eats the tender bark, thereby killing or deforming the trees.

Rangers in some forests are totting .22 caliber rifles and using them when they catch "Porky" stripping a tree.

"The porcupine population has increased tremendously, especially in northeastern California," says James Averell of the Forest Service regional headquarters at San Francisco. "They have killed or deformed thousands of young pines and are causing a heavy loss in commercial timber and scenic values."

"Contrary to folklore, porcupines are not protected by game laws. They are destructive rodents. They should not be spared as possible food for people lost in snowstorms, because porcupines don't cooperate that way. When snow gets deep they hide out in rocky dens."

Averell had these tips for hunters who'll help in the campaign:

Use .22-caliber long-rifle hollow-nosed bullets. Aim for the head (usually the "end" farthest from the tree trunk). Look at trees silhouetted by the sun; "Porky" will loom up as a dark bulge on a limb. He is often seen at sundown in pine stands bordering mountain roads, grassy meadows and stream banks.

Stork Shower Honors Tahoe City Woman

TAHOE CITY— Mrs. Maizie Carnell and Mrs. Les Fuson were co-hostesses at a stork shower at the Fuson home in Tahoe City last Thursday evening. Honoree was Mrs. Betty Christie of Tahoe City. Many lovely gifts for the expected newcomer were received and opened prior to the serving of coffee, ice cream and a beautiful cake decorated in golden baby shoes.

Those invited to attend the pleasant affair were Mesdames Oscar Quam, Martin Spitsen, Verne Bartell, Thomas Sheehan, Al Martin, Floyd Fuson Sr., Carl Becholdt Jr., Richard Carnell, Stanley Martin and James Astle.

Rome Starks Leave—

Mr. and Mrs. Rome Stark left Kings Beach last month for Lawndale, Calif.

New Officers Named By Legion Post

TAHOE CITY— American Legion Post 718 of Tahoe City selected Basil Kehoe as commander to succeed Al Randolph. First vice commander is William Becholdt; second vice commander, Charles Swanson; adjutant and treasurer, Bob Gilbert; service officer, Al Henry Jr.; sergeant at arms, Pete Vanni; chaplain,

'BEST FOR LESS'

480 geologists and exploration experts

4100 drillers and oil field employees

6900 refinery and manufacturing employees

990 research scientists and technicians

5500 office employees

1830 people who transport our products

8100 salesmen and service station people

Thousands of hands work when you say "fill 'er up"

Most folks probably think of a corporation like ours in terms of a name... "Standard Oil Company of California."

Actually, a company is people... people working together.

In our case, 27,900 men and women work to bring you the products you buy from us. They each contribute special skills and abilities, live their own lives in many different places. You'll find their houses down the block, pass them on the street, sit next to them at a movie.

In the extremely competitive oil business, it takes a lot of people—working with many expensive tools—to bring you good products at reasonable prices. For crude oil is a bulky, sticky liquid that's hard to handle. Taking oil from the ground, refining it, transporting it and pumping it into your car or oil burner is a continuous job... a job that can be done

most efficiently when many people pool many talents within a coordinated organization.

That's why thousands of hands work at Standard to bring you good products... and to make sure oil flows in steady supply to America's planes, tanks, trucks and ships in times of national emergency.

Your progress and oil progress go hand in hand

WOMEN'S CLUB TO HOLD FEAST FOR MEMBERS, MATES

TAHOE CITY—The Women's Club of Tahoe City met in Community hall here last Thursday afternoon, President Mrs. Dorothy O'Rourke presiding. Mrs. Laura Wilson, new secretary for the group, read the minutes of the previous meeting and Mrs.

Margaret Madden, the treasurer, gave her report.

Mrs. Louise Geier volunteered her services in assuming chairmanship of the Crusade for Freedom in this district. She will appoint her own assistants in the various subdivisions.

It was voted to hold meetings during the winter in the homes of members once each month.

It was also decided to hold a free po-luck dinner, with the club furnishing the turkey course, for members of the women's club and their husbands only on October 26 at 6 p.m. in community hall. Those planning to attend are requested to phone in their reservations by October 21 to either Tahoe City 66M or Tahoe City 337. Card games will follow the repast.

Hostesses at last Thursday's meeting who furnished delicious home made cakes and coffee were Mesdames Mortimer, Young and Schlueter. The next regular meeting will be held at 2 p.m. November 2.

WITTICH'S BACK

Henry Wittich, Colfax Ford dealer, was a Truckee visitor this week, following his return from a 3251 mile trip into six western states. He and his wife visited Nevada, Utah, Colorado, Arizona, New Mexico and California during the trip.

DISEASED PINES FOUND IN TAHOE REGION

Wholesale death of trees in the Lake Tahoe area was reported recently by officials of the Toiyabe National Forest and the California Bureau of Entomology and Plant Quarantine.

Following a survey of conditions in the vicinity the men reported finding 1500 dead or dying trees and blamed an epidemic of the bark beetle.

Although the present damage includes only a small area in the vicinity of Crystal Bay, entirely on private land, Forest Supervisor C. E. Favre said the situation was serious. Suppression measures must be initiated in order to forestall a widespread damage to valuable trees and timber located adjacent to summer homes, resort areas and other scenic areas, as well as to productive sawtimber.

It may be necessary for private owners to cooperate in controlling their own attacks on private land, Favre disclosed, as actual control work with public funds is limited to national forest lands. The forest service and the bureau of entomology will cooperate in determining the extent of the infestation.

The working up of a cooperative plan whereby the forest service and private owners would contribute their respective funds into the operation of a single crew to handle the entire job is a plan suggested by Favre as the most effective way to handle the outbreak. Supervision in the control work on both private and national forest lands inside the na-

GROUP ENDORSES HOLIDAY SHIFT FOR LONG WEEKEND

SAN FRANCISCO—The Central Coast Council of the California State Chamber of Commerce, meeting at the Palace Hotel here, has endorsed a proposal which would give the state a dozen long weekends and has asked the board of directors to act favorably on the recommendation.

Other councils, prior to the San Francisco conference, and still others which will meet later this month or next, likewise are expected to approve the proposition.

If the board of directors acts favorably, the chamber will then ask the legislature to appoint an appropriate interim committee to study and make recommendations concerning the proposed long weekend plan.

tional forests can be handled by the bureau of entomology and the forest service.

Reconnaissance surveys made of the entire Nevada side of Lake Tahoe shows that at present a small area, named above, is the only one that indicates any damage and forest service statements make plain that the infestation will not be allowed to spread beyond its present bounds. But private owners should watch carefully for evidence of bark beetles in pine trees. This is readily determined by fresh pitch spots flowing from beetle holes in the bark, followed by a browning of the needles indicating the tree's death.

Under the proposal, California would discard mid-week holidays and all such commemorative dates would be moved to either Saturday or Monday, thus eliminating the confusion which a Tuesday, Wednesday or Thursday holiday causes in agriculture, industry, business and recreation.

Such a plan would develop more fun for the public along with better work, and more efficient operation of agriculture, commerce and industry, its sponsors declare, pointing out that there are no "national" holidays in the United States, each state having jurisdiction over the holidays to be observed which are designated by either legislative act or executive proclamation.

New York ranks second to California in growing grapes and has a large wine industry.

TAHOE RESORT SALE IS SUBJECT OF PLACER COURT SUIT

TAHOE CITY—Mr. and Mrs. Ben Callender, operators of Callender's Lodge, Homewood, formerly El Campo, in September in the Placer County superior court asking that William C. Johnston of Homewood be required to complete a contract to sell El Campo Inn for \$30,000 in accordance with an agreement drawn September 17, 1949, between the defendant and the plaintiffs.

The Callenders contend El Campo Inn was formerly operated and leased by Mike Fleury for approximately six years; the Callenders purchased the lease which was extended voluntarily by Johnston to ten years with an option to buy at \$30,000 within

the time range of lease; only requirement for the purchase was three months advance notice to the lessor. The Callenders since taking over the property have remodeled the main building, installing an apartment on the second floor and expending approximately \$7,000 on improvements.

On or about May 17, 1950, the plaintiffs say they gave notice to Johnston of intention to purchase on August 17. The Callenders claim that both Johnston and his wife refused to sign the necessary papers, declaring the would not sell at the price quoted in the contract.

Date of the hearing is expected late in October or early in November.

CORRECTION NOTICE, NATIONAL FOREST CHRISTMAS TREES FOR SALE—Following supersedes and cancels the advertisement that appeared in this paper September 21, 1950. Sealed bids will be received by the Forest Supervisor, U.S. Forest Service, Nevada City, Calif., up to and including 2 p.m. October 30, 1950, for all the Christmas trees designated for cutting located on an area of about 2,000 acres within Section 12, T. 18 N., R. 15 E., Sections 5, 7, 8, and 9, T. 18 N., R. 16 E., M.D.M., Tahoe National Forest, Calif., estimated to be approximately 3,000 red fir (15,000 linear feet) and 1,000 white fir (5,000 linear feet), more or less, Christmas trees. No bid of less than 12c per linear foot for red fir and 7c per linear foot for white fir will be considered. In addition, the purchaser will be required to make deposits to cover the cost to the United States of sale area betterment at the rate of 5c per linear foot. \$1,000.00 must be deposited with each bid, to be applied on the purchase price, retained in part as liquidated damages, or refunded according to conditions of sale. The right to reject any and all bids reserved. Before bids are submitted, full information concerning the trees, the conditions of sale, and submission of bids should be obtained from the Forest Supervisor, Nevada City, California; or from the District Ranger, Truckee, California.

STATE INQUIRY IN LINDSAY AFFAIR CITES AUDIT REPORT

by HENRY C. MacARTHUR (Western News Service)
SACRAMENTO (W. N. S.)—An audit report released by the state department of finance last week on the Placer Soil Conservation District reveals an operating deficit to June 30 of \$21,570.

The conservation district, headed by Francis Lindsay, state assemblyman from Loomis, is under investigation by the attorney general's office and the Placer County grand jury.

A new investigation of the district was also revealed upon release of the audit by the state compensation insurance fund, as the district at the time of the audit report was completed allegedly owed the state \$1,718 in back insurance premiums.

Actual amount owed, however, the audit report said, cannot be accurately determined "as a result of the inadequacy of payroll records."

Big Operating Loss

The audit report cited an operating loss of \$22,284.50 in the district and declared this was the result of "disproportionate administrative expense, excessive maintenance and repair costs, and loss of time of operators and other employees."

"Further," the report continued, "it is impossible, due to inadequacies of records, to be certain that billings were made for all work done or equipment used."

The administrative salaries, which include a salary paid to Assemblyman Lindsay as head of the district, constituted 13.82 per cent of the income for the year, according to the report.

"The volume of work done does not appear to have justified payment of salaries to both a president and manager," the report states.

Question Lindsay's Pay

The audit report questions whether Lindsay, despite a favorable ruling from the state's legislative counsel, can hold the post of assemblyman and president of the soil conservation district at the same time, and also whether the payment of a salary and expenses is authorized by state law to an assemblyman.

The question is also raised as to whether transactions, such as loaning of funds to the district by its directors, is in conformity with state law. The report indicates that some of the loans made were repaid by work done on property of the directors with the district's equipment. The question of whether such transactions are against public policy is raised.

Book Jockeying Charge
Jockeying of the district's minutes to authorize \$1,000 payment to Lindsay as president and

LINDSAY DENIES ABUSE OF TRUST IN INVESTIGATION

Assemblyman Francis C. Lindsay released a lengthy statement in answer to state department of finance auditors' conclusions regarding his activity in connection with the Placer County Soil Conservation District.

Lindsay contended he is constitutionally within his rights to hold the post of president of the district while serving in the state

\$327.50 at \$2.50 per hour was also indicated in the report. Before a meeting could be called to "correct" the minutes, the report says two of the district's directors resigned, and corrections were made by the remaining three directors, including Lindsay. The district also received \$2,705.36 in "allowances or discounts" on certain equipment purchased, the audit report showed, from the Allen Motor Co., Scott Equipment Co., and Moor Equipment Co. It was previously reported that Lindsay had asked a five per cent "kick-back" from dealers selling equipment to the district.

The audit report, finance said, will be studied and legal opinions asked of the attorney general. The report also showed that \$25,000 owed the state, advanced for a revolving fund, had not been repaid.

legislature, basing his contention on the opinion of the legislative counsel. He claims that the auditor's statement that he was paid \$1,000 as president of the district is in error, as he "was never paid any salary as president, but only as a working representative of the district."

"I believe it is regrettable in the extreme when men who are trying to do a good job for the public good are dragged through the muck of a publicized investigation which hints at the misuse of funds and—more important—a misuse of their public trust, when those filing the report and making the charges know there was absolutely no violation of any moral code," Lindsay concluded.

DUANE FREEMAN

Who Runs America?

the Congress?

the President?

OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

General Federation of
Women's Clubs
American Farm Bureau
Federation
National Grange
Veterans of Foreign Wars
National Conference of
Catholic Charities
American Protestant
Hospital Association

American Legion
National Association of
Small Business Men
United States Chamber of
Commerce
National Association of
Retail Grocers
National Retail Dry Goods
Association
American Bar Association

• Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. • Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. • And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proudest security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

• Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. • Today

in America—70 million people are protected by Voluntary Health Insurance! • Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. • For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

You and Your Neighbor Run America!

ONE NORTH LA SALLE STREET, CHICAGO, ILLINOIS

SWANEE'S TAHOE LETTER

Tahoe City, October 9
Dear Tahoeites:

Was afraid for a while that we at Lake Tahoe were going to be passed up in the Crusade for Freedom cause but last Thursday at the meeting of the Women's Club of Tahoe Mrs. Louise Geier, who is chairman of the Tahoe branch of the American Red Cross and a tireless and successful worker, was appointed to head the drive at the lake so that we mountain folks might have our names inscribed on the huge

liberty bell to be hung in Berlin where dedication ceremonies will be held on United Nations Day, October 24. This living symbol of freedom and hope will ring out its cheery message to all peoples of the earth and when you sign the Freedom Scroll, giving a voluntary donation if you so choose, you will be doing your part in aiding the American People's Broadcasting Station in western Germany to daily pierce the Iron Curtain, answering Communist lies with freedom's truth. Mrs. Geier volunteered her services as chairman of the Freedom Crusade and as soon as the equipment arrives, the Freedom Scrolls will be placed in stores of Kings Beach,

Homewood, Tahoe City and Tahoe where all are invited to sign. Mrs. Geier hopes to have 100 per cent cooperation from this district in this patriotic cause.

Wsa exceedingly pleased this week to find a permanent home for the dual Emerson resuscitator which I labored so hard for nearly three years to collect payment, something like \$620 in all, not counting oxygen. The instrument has been kept at various places over the years, several summers at Tahoe Tavern where Dr. C. B. Pedersen could make use of it, for a time in the community hall, and then at the home of Constable Harry Johanson. No one in particular was in charge of it and through the long months it has fallen into disrepair. Last week Al Henry Jr., chief of the Tahoe City fire department, told me of the condition in which the instrument is today and suggested that the resuscitator be turned over for keeps to the fire department which in turn would have repaired and would maintain it from now on, seeing that it is inspected regularly. Johanson and Charles Cross, fire commissioners, have approved the idea and they believe A. M. Anderson, the third commissioner, will also give his blessing upon his return from vacation. The resuscitator fund was started by Dave Chambers at a meeting of the Tahoe Yacht Club several years ago, the group which sponsored the purchase and turned collections over to me. At least one life has been saved through its use. It is for the use of anyone in need of help in this area and donations for the purchase of oxygen are still very acceptable. These may be made from now on directly to Chief Henry who will keep the instrument handy at the firehouse.

Also want to say a good word for the Lake Tahoe Fire Protective Association which recently sent out letters to local residents asking modest sums with which to aid in the support of the work being so efficiently done by the organization. Keeping the association on a payne basis will assure continued studied fire prevention and prompt action in time of emergency. Lake Tahoe's record is outstanding in every respect but timber dry forests and undergrowth keep this area a constant threat to fire safety.

Mrs. Gerda Kvistberg has returned from a visit to her home in Burlingame and will remain at the home of her grandson and wife, Mr. and Mrs. James Easton in Pineland until the stork's arrival, slated for the not too distant future. She left her husband, Captain Kvistberg, digging in his garden and puttering around their peninsula home.

Had a nice letter last week from Mrs. Henry Droste who is

busy getting settled in her studio apartment at LaJolla. She likes her new surroundings and will be associated with one of the leading real estate agencies there as saleslady.

Also had a newsy and friendly note from my old friends, the C. O. Valentines, who are vacationing in the north. Mrs. V. wrote while en route to Canada via airline, accompanied by her husband. They are celebrating their wedding anniversary this year in the vicinity of Victoria, B.C. They plan stop-overs at Seattle, Victoria, Vancouver and Portland. In October or November they plan to visit her sister in Palo Alto and will stop over in San Francisco and if snow is not yet falling, make take a turn around Lake Tahoe. They send their best to all their old friends still at the lake. A postscript was added from Vancouver where they were going out to the Hudson Bay Company to order a wedge of Ontario cheese, black currant jelly, buckwheat honey, etc., to be shipped to their home in Costa Mesa. The weather remained beautiful and maples stood in red autumnal garb, while late fall gardens were gorgeously ablaze. Deputy Sheriffs Charles Swanson and H. E. (Pappy) Brooks started their regular night patrol duties on Sunday, October 8, which may deter the sneak thieves who have recently infested our area.

A bit of news comes from Kjell Rustad, who has been placed in charge of the task of remodeling the famous Olympic Hill ski jumps. He reports this morning that Hall, King & Wallace will get to work on the project either the end of this week or the beginning of next, four or five days being needed to finish the improvements. More rain would be welcomed to soften the terrain but the big 35 ton cats will be capable of moving anything on the mountainside. When finished at Olympic Hill the same firm will go to Granlibak-

ken, Rusty's private ski school site, and will widen his hill to 300 feet, permission having been given to remove any of the trees now blocking the runs. Rusty will add another ski tow approximately 600 feet in length for the express use of beginners. More experienced skiers use the 1160 foot tow already installed. Also in the making is a new ice rink which Rusty will have the big cat level and enlarge and as soon as freezing weather sets in for good the local boys and girls will have a marvelous rink, easily reached. The two units of the duplex on the Granlibakken resort property will accommodate 12 persons.

A late call from Rie Henry informs me that the Henry household has been entertaining company during the past week. Old-timers Mr. and Mrs. Fred Kohler of Imola, Mr. and Mrs. Ernest Cameron of El Portal and Mr. and Mrs. L. L. Dubber of Auburn were among them. All wanted to be remembered to their old Tahoe friends, many of whom they did not have time to visit.

Tuesday, October 10, is the birthday of Charles Swanson of Tahoe City and the 33rd wedding anniversary of the A. M. (Joe) Henrys, whom Mrs. Mary Planett of Verdi visited during the day. To all, may we say many happy returns.

Learned yesterday that the Darlin lot just south of the Village Store in town has been sold to a Mrs. Bennett and word has it that a new business building will rise at the site in the not too distant future.

Mrs. Emily Cribbs, mother of furniture man Herb Mattheus, took time out last Sunday night to toss a canasta party for a few of her friends, something she is unable to do through the busy summer season. Those who enjoyed the delightful evening at her home in Cedar Flats were Messrs. and Mesdames Norman Mayfield, A. M. Henry, Herbert Foster of Berkeley, C. W. Ver-

non, Mrs. Marie Wyckoff, Mrs. Evelyn Bliss and Miss Florence Vernon. Mattheus dropped in for a brief chat but was unable to attend with his wife as their young son, Scott, was running a temperature, traceable to new teeth coming in, and they remained at home to care for him. High scores were won by Mrs. Foster and Henry.

Mrs. Floyd Carnell just phoned to say that their son PFC Howard Carnell, with the United Nations force somewhere in Korea, has written home and had received two issues of the Sierra Sun which were most welcome. He said the weather was turning colder and that they would probably be seeing snow soon. He asked for home-made candy and sounded a little homesick. His mom will hasten to comply with his request and may even knit him some nice warm wool socks.

Leave you for the week and hope this finds all in the best of good health and spirits.

As ever, Swanee

Mitchell Guests

Guests Saturday night at the Imon Mitchell home in Sunnyside were Mr. and Mrs. William Wilson and daughter, Carol Sue, of Sacramento.

Albuquerque, N. M., was founded 250 years ago by the Spanish.

DINNER PARTIES
Dinner guests Friday night of Mrs. W. W. Youman and Arthur MacKeever of Donner Lake were Mr. and Mrs. Imon Mitchell and son Dale. On Thursday night, the Mitchells were hosts to Mrs. Youman, MacKeever and son Jim. Eleanor Swanson and son Jim.

Business and social printing at the Sierra Sun.

Swedish Help for U.N. in Korea

The first part of Sweden's contribution to the United Nations forces in Korea—a field hospital—arrives at Idlewild Airport in New York after a flight from Stockholm. After ceremonies at the airport, the doctors and nurses proceeded to Fort Dix, New Jersey, where they will remain until arrangements are made for transportation to Korea. The hospital will be manned by 176 persons.

COUNTY VETERANS SIGN UP SOUGHT TO INSURE RIGHTS

According to John T. Trauner, Nevada County veterans service officer, there have been countless times wherein precious days were lost in the event of a sickness or a death of a veteran in this county.

The county service office has now devised a plan which will, with the cooperation of the veteran segment of the county, minimize those lost days and weeks during an emergency.

Trauner is endeavoring to have every veteran in this county register with his office and have a personal file, containing pertinent facts concerning the veteran's military or naval service, his dependents, closest relatives and like matters. A wallet size identification card will be issued to each veteran so cooperation, con-

taining a brief resume of the information contained in the master file in the county service office.

He is appealing to every veteran in Nevada County to mail a penny post card to the Nevada County Veterans Service Office, 310 West Main St., Grass Valley, giving the name and present address of the veteran concerned. Upon receipt of the name and address, the service officer will send a form to the veteran to fill out and return to that office. After the form has been received back in the service office, the veteran or any member of his family may call to receive the wallet size identification card.

These files have always been, and will continue to be, personal and strictly confidential and no information will be given out of the service office without the expressed permission of the veteran concerned.

Leaves With Buck—

John Neronde returned to Sacramento to teach in his well known school of accordion but not before he had bagged his deer not far from their summer home at Tahoe City.

Leaves Without Buck—

Mr. and Mrs. Ernest Hoerdler left Tahoe City Tuesday to return to their home at Covina. Contrary to his usual custom, Ernie did not bag his deer, saying he did not see any horns in the In Las Vegas—

Basil Kehoe Sr., who has been at Lodi, sends a note postmarked from Las Vegas, Nevada.

Leave Reluctantly—

Mr. and Mrs. W. G. Haste of Tahoma are leaving for Gardena but do so reluctantly, planning to spend the winter at the lake as soon as possible.

Wikanders Move—

Mr. and Mrs. Victor Wikander are leaving their summer home at Buck Island Lake to spend the winter at Tahoe City.

WE'D LIKE TO LIVE IN TRUCKEE OR VICINITY —

Man has had experience as clerk, assistant manager and manager of grocery store and would prefer to work in that line if possible. Also experienced in service station work or would take any kind of job. Woman with experience as secretary, bookkeeper and office worker; could work full or part time. Excellent references to ability and character. Inquire Sierra Sun, Truckee. (Adv.)

FOR SALE— Blackstone washer in good condition. \$50. See at Rasco or phone 185.

broke an arm the same day Bert was injured. About three years ago Dot's mother fell near the post office in Kings Beach and injured her back, the same day Bert broke an arm. All their friends wish them both a speedy recovery.

Tex and Peggy Jones left on Thursday morning for Lakeport where Tex will undergo treatment for arthritis before the continue on to their apartment in Los Angeles.

First meeting of the North Tahoe PTA was held at the Kings Beach School last Thursday evening, Vice President Peggy Mandeville presiding in the absence of President John Keys.

The Woman's Society of Christian Service met at the home of Mrs. Mosier of Veren Villa last Tuesday for its all day work meeting and pot luck dinner.

FIRST ESKIMO CHAPLAIN— Rev. Percy Ipalook, a member of the Alaska National Guard, has been granted federal recognition and assigned to the 1st Alaskan Scout Battalion with headquarters at Nome, it has been announced by Chief of Army Chaplains, Maj. Gen. Roy H. Parker. Chaplain Ipalook holds the rank of captain. He is a native of Point Barrow, Alaska, and for 15 years has been a minister in the Presbyterian church.

Clara Van Hooser spent a day with her sister in Reno last week.

Mr. and Mrs. Jack Cochran with their two small children plan to spend the winter in Oklahoma.

Annie and Joe Dolce are staying in this winter. The Sheridans of Village Corner have shuttered their place of business and have gone south for the winter.

My friend Mildred Burch limped around on an ailing foot and I had to get the news from the Sierra Sun first. Mildred is getting along fine now. In fact, so well that she is planning to attend an Eastern Star convention in Sacramento from October 16 through 20.

Dorothy O'Brien has decided to remain at home this winter and is swinging a hammer and saw around her place in preparation for winter living right now.

Walter Haggood, who likes the lake country so well his parents decided to let him remain here for school this winter, was very happy to have his mother, father and two small brothers visit him over last weekend. Walt's home is in Palo Alto.

The Misners of Stop 'N Shop in Kings Beach are away for a short time.

To Capital—

Mr. and Mrs. Walter Barrett were weekend visitors in Sacramento.

Observe Wedding Date—

Mr. and Mrs. Ray Roberts observed their 20th wedding anniversary on October 7.

See Series—

Dr. and Mrs. E. W. Guthridge made their annual trek to the World Series games, sending a card from Philadelphia, telling of their trip to New York.

Subscribe to the Sierra Sun!

Notice

Regular meeting of Culinary workers and Bartenders Locals to be held Friday, October 13, at 7:30 p.m. in Capitol Hall, Truckee. Be There!

EARL BROWN

AT CONVENTION

Dr. Robert Affeldt expects to be back in his office here Tuesday, October 17. He is in southern California this week attending a dental convention.

Birthday Today—

James Walker is observing his birthday today, October 12.

INJURES HEAD

Mrs. George Walker of the Truckee River is recovering from a severe laceration on her head, suffered in a fall at her home. Dr. L. D. Nelson treated her.

Mrs. Rufus Gregory was a business visitor here this week from Paradise.

Attend Meeting—

Chairman Douglas Barrett and B. W. Reynolds were in Nevada City last Friday for a meeting of the county Republican central committee.

To Del Paso Heights—

Albert Barber, who has been at Donner Summit Lodge, is changing his address to Del Paso Heights this week.

HAS OPERATION

George Schrom, former California highway patrolman here, now engaged in the logging business in Sierra County, was rushed to a Reno hospital and underwent an emergency operation for appendicitis on Tuesday night. Schrom came to Truckee for treatment by Dr. L. D. Nelson who discovered the condition.

RECIPE OF THE WEEK

By Mary Lee Taylor

Thrifty Peach Bavarian

Broadcast: October 14, 1950

1 cup Sego Milk
No. 2 1/2 can cling peach halves
1 1/2 cups peach juice
1 pkg. lemon gelatin
Chill milk until ice cold in a 2-qt. bowl. Drain peaches; save juice. Rub with vegetable oil a deep 8 or 9-in. round pan. Arrange 6 peach halves, cut side down, in pan. Chill. Heat peach juice to boiling. Stir in gelatin until dissolved. Remove from heat; stir in rest of ingredients. Chill until slightly thicker than unbeaten egg whites. Whip chilled milk with cold rotary beater until stiff. Beat in gelatin gradually. Pour over peaches. Chill until firm. Turn out; garnish with Maraschino cherries, if desired. Makes 6 servings.

*If there's not enough juice, add water.

You Will Need:

Sego Milk, Canned Cling Peach Halves, Lemon Gelatin and Lemons.
